

As keeper of the Public's interest and regulator of the use of the Public airways in broadcasting, I call on the FCC as well as Congress to stop and or remove the licenses of Sinclair Broadcast Group for illegal and unethical use of the airwaves to promote blatant partisan political agendas, and pose them as news. Big media companies like SBG are accountable to the public because they broadcast over the airwaves for free and are required by their FCC-granted license to serve the public interest. I believe that Sinclairs plan to force all of their stations to air Stolen Honor, Wounds That Never Heal to be an abuse of their license and the public trust and therefore call on you, the FCC and my state representatives to do the right thing for the Public Trust and American Democracy and stop Sinclar Broadcasting from airing Stolen honor unless they first tell their viewing audience that this in fact is NOT news and is indeed based upon the opinions of certain individuals.

After all, you did the same regarding adds for antoehr mvie that wasn't even going to be brioadcast on television Taht was for the movie Farenheit 9/11 by Michael Moore. I believethatthe arguemnt for pulling their adds was along the same lines that Sinclair is now attempting to violate.
How about equal justince for all?
